Verbal request to
C/P+PG. I understand
that P+PG did print
the document for DEA
this time because they
were in a bind and
couldn't get it printed
by GPO. Request came
down from IC staff.

MEMORANDUM FOR: Director, Intelligence Community Staff

ATTENTION:

Special Assistant for Military Operations

FROM:

Henry P. Mahoney
Acting Deputy Director for Administration

SUBJECT:

Printing Support to the Drug Enforcement Agency

1. I have been informed that the Chairman of the National Drug Intelligence Committee of the Drug Enforcement Agency (DEA) recently requested our assistance in providing printing support for DEA unclassified publications. While we are pleased to provide classified printing support to other government agencies of the Intelligence Community whenever possible, you should be aware that under normal circumstances, we do not have the authority (under the Joint Committee on Printing regulations) to support unclassified publications for any other government agencies. Because of the inability of the Government Printing Office to respond to DEA's critical requirement in a timely fashion, we rendered support to DEA on this single, rare occasion.

2. For the past 30 years, we have maintained a unique relationship with the Joint Committee on Printing and the Government Printing Office. In order to protect our special status, we must continue this mutuality of trust. We would, therefore, appreciate your assistance in directing future unclassified printing requirements for other government agencies to the Government Printing Office.
